Reflections of Where We Live

California Education and the Environment Initiative

Approved by the California State Board of Education, 2010

The Education and the Environment Curriculum is a cooperative endeavor of the following entities:

California Environmental Protection Agency
California Natural Resources Agency
Office of the Secretary of Education
California State Board of Education
California Department of Education
California Integrated Waste Management Board

Key Leadership for the Education and Environment Initiative:

Linda Adams, Secretary, California Environmental Protection Agency
Patty Zwarts, Deputy Secretary for Policy and Legislation, California Environmental Protection Agency
Andrea Lewis, Assistant Secretary for Education and Quality Programs, California Environmental Protection Agency
Mark Leary, Executive Director, California Integrated Waste Management Board
Mindy Fox, Director, Office of Education and the Environment, California Integrated Waste Management Board

Key Partners:

Special thanks to **Heal the Bay**, sponsor of the EEI law, for their partnership and participation in reviewing portions of the EEI curriculum.

Valuable assistance with maps, photos, videos and design was provided by the **National Geographic Society** under a contract with the State of California.

None required for this lesson.

Lesson 4 Population Density and Services

None required for this lesson.

Lesson 5 Regional Home Tours

None required for this lesson.

Lesson 6 Transportation in California

None required for this lesson.

Assessments

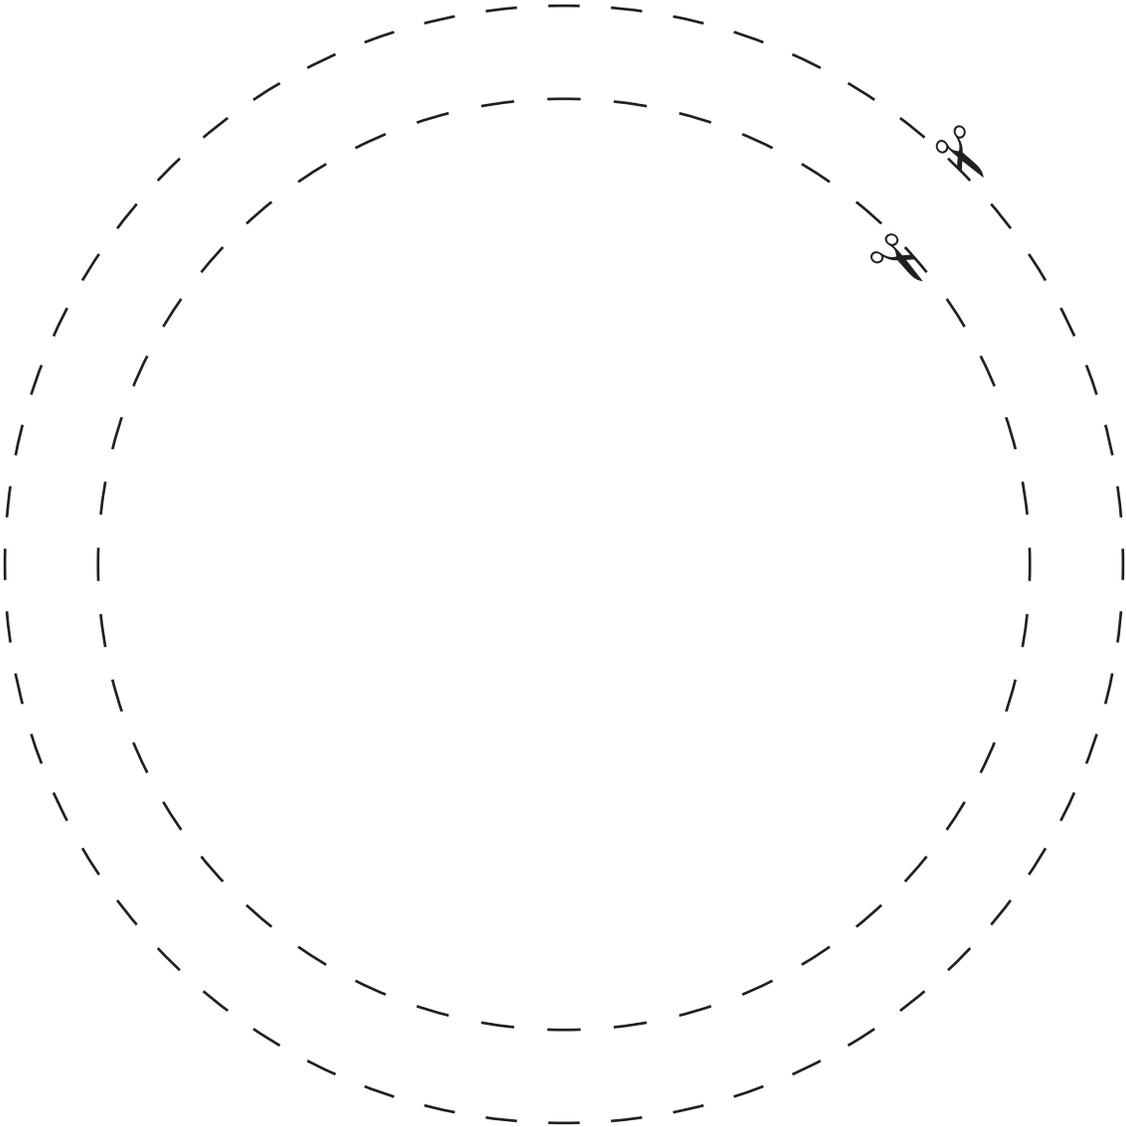

Natural Systems and Human Activity—Traditional Unit Assessment Master ... 4

What’s Different? Mini-Posters—Alternative Unit Assessment Master 9

Local Region Ring

Lesson 1

Instructions: Cut out Local Region Ring.

			
	Alpine Meadow		Ocean and Coast
			
	Low Desert		Scrubland and Chaparral
			
	Oak Woodland		North Coastal Forest (Redwoods)
			
	Sagebrush Scrub and Pinyon-Juniper Woodland		Rivers and Lakes
			
	Grasslands		High Desert
			
	Mixed Evergreen and Conifer Forest		
			

Name: _____

Part 1

Instructions: Select the best answer and circle the correct letter. Use the **Natural Regions** and **California Climate Zones** maps to help you. (2 points each)

1. Where does California get the most fog during the summer?
 - a. along the coast
 - b. inland
 - c. in the deserts

2. Where would you find more large animals?
 - a. in the deserts
 - b. in alpine meadows
 - c. in forests

3. Which natural region has very large trees?
 - a. low desert
 - b. north coastal forests
 - c. grasslands

4. California has different mountain ranges. Are the natural regions the same in these different mountain ranges?
 - a. yes
 - b. no

5. Where are most of California's grasslands found?
 - a. in the Central Valley
 - b. in the mountains
 - c. in the deserts

Name: _____

Part 2

Instructions: Select the best answer and circle the correct letter. Use the **Natural Regions** and **Human Geography** maps to help you. (2 points each)

- 6. Where are most of California’s agricultural lands?
 - a. in woodlands
 - b. in the Central Valley
 - c. in the deserts

- 7. Where are most of the urban areas in California?
 - a. near the coast
 - b. inland
 - c. in the mountains

- 8. Which area has the highest human population density?
 - a. suburban areas
 - b. urban areas
 - c. rural areas

Part 3

Instructions: Complete the following tasks.

- 9. Look at this picture. Where do you think it is?
 - a. in northern California
 - b. in Southern California

Explain your answer. (2 points)

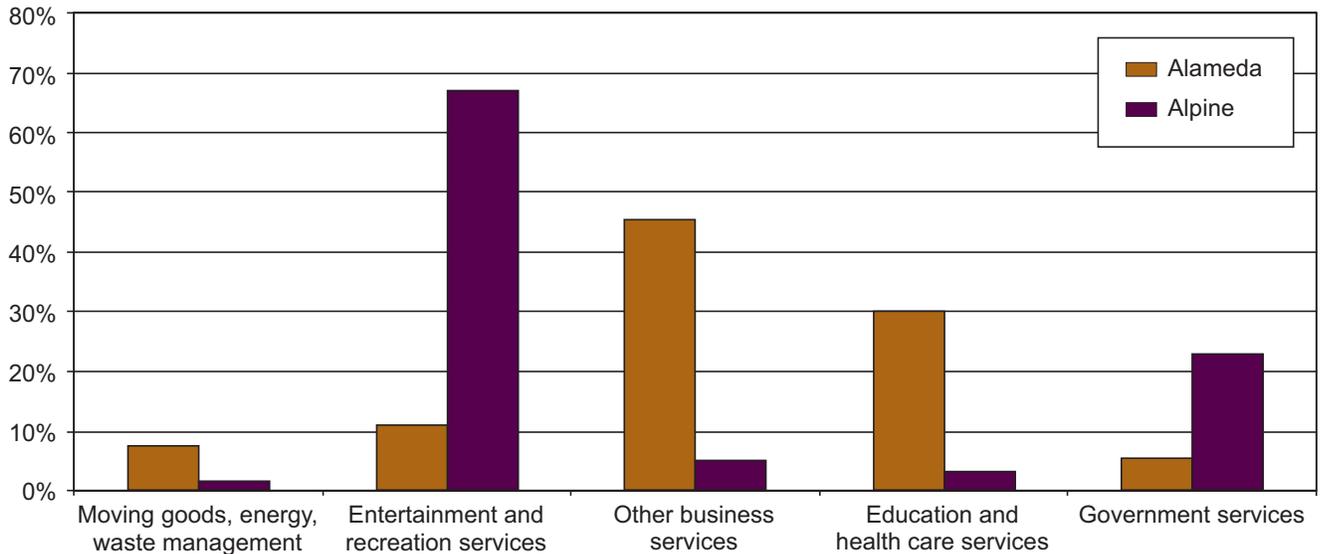

Name: _____

Instructions: Use the graph below to answer the following questions. (2 points each)

10. Alameda County is a large urban area. More than one million people live there. Alpine County is a small rural area. Just over one thousand people live there.

Services in Alameda and Alpine Counties

a. Which two industries provide the most services in Alameda County?

b. Which two industries provide the most services in Alpine County?

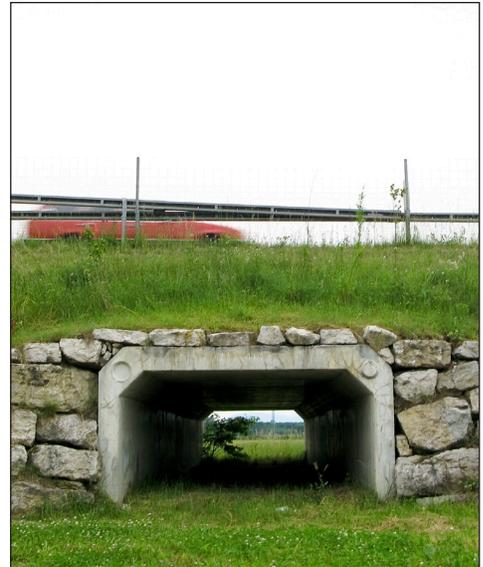

c. Why are there more education and health care services in Alameda County?

d. Why are there more entertainment and recreation services in Alpine County?

Name: _____

e. Name two government services that are provided in both counties.

11. The tunnel in this picture allows elk and other animals to travel safely under the road. Where do you think it is?
- a. in a desert
 - b. near a forest

Explain your answer. (2 points)

Part 4

Instructions: Think about how the regions where people live affect their lives. Answer the following question. Use the **Natural Regions, California Climate Zones,** and **Human Geography** student maps to help you.

12. If you lived near San Diego, California, how would your life be different than if you lived near Yreka, California? Name at least two differences between living near San Diego and living near Yreka. (5 points)

Name: _____

Part 5

Instructions: Complete the following task.

13. Check the box in front of California's capital city on the map below. (5 points)

What's Different? Mini-Posters

Alternative Unit Assessment Master | page 1 of 5

Name: _____

Instructions: Create two mini-posters and answer questions about two different natural regions in California.

Follow these steps:

1. Select two natural regions in California.
2. Answer the questions about each natural region on pages 2 and 3.
3. Create a mini-poster for each natural region on pages 4 and 5.
4. Use information from ***California Connections: California's Natural Regions*** reader to help you fill in the information about climate, plants and wildlife, water, and what people do to the right of your drawings.

Name: _____

4. What are two services provided in communities in each natural region? (5 points)

5. What are two services that are provided in the communities in both natural regions? Why? (5 points)

6. What is one service that is different in these communities? Why? (5 points)

Name: _____

12 Natural region: _____
