

SPORTPLAY MAT

Athletic Safety Tiles

Energize your exercises with SportPlay Mat safety tiles

Play harder and reduce fatigue with our versatile, durable rubber tile covering your floors. Our one-inch thick, shock absorbent, skid resistant safety tiles soften the areas you need most to energize our exercises – whether working out, walking or standing.

Features and Product Highlights

- Smooth, cushioned comfort under bare feet, hands, elbows and knees
- Skid resistant – wet and dry
- Easy installation with modular design – fully-adhered or floating applications over concrete, asphalt, wood decking or compact stone
- Easy maintenance – requires only basic cleaning with a vacuum, broom or standard garden hose
- Non toxic and certified 100% steel free
- Eco-friendly – each tile diverts 2.5 tires from our landfills
- IPEMA Certified to ASTM 1292-04 to provide for head impact attenuation up to 2 feet
- ADA compliant and meets ASTM and CPSC requirements
