
Smarter Materials for Next Generation Infrastructure™

FLEXI®-Mulch

KBI Flexi®-Mulch provides the same sustainable technology as KBI's core infrastructure porous products that are used in commercial, municipal and residential applications. The long-lasting, monolithic mulch alternative eliminates migration resulting in long-term weed abatement and reduced costs. KBI's Flexi®-Mulch color options add aesthetic value and provide environmental solutions.

KBI Flexi®-Mulch benefits

- **Durable** – Permanent solution saves you time and money
- **Responsible** – Reduces maintenance and liability
- **Decorative** – Adds color and texture for beauty and curb appeal
- **Sustainable** – Low-impact installation and reduced material consumption

KBI Flexi®-Mulch value

- Eliminates cost of replenishing loose material
- Reduces watering costs
- Reduces plant replacement costs through healthier, longer-life plantings
- Contributes to LEED points and ADA design compliant projects

KBI Flexi®-Mulch applications

- Landscape
- Weed Abatement
- Pathway
- Medians
