## **Department of Resources Recycling and Recovery Conflict of Interest Code**

### § 18419. General Provisions.

The Political Reform Act (Government Code Sections 81000, et seq.), requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. Sec. 18730) that contains the terms of a standard conflict of interest code, which can be incorporated by reference in an agency's code. After public notice and hearing the standard code may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference. This regulation and the attached Appendices, designating positions and establishing disclosure categories, shall constitute the conflict of interest code of the Department of Resources Recycling and Recovery (Department).

Individuals holding designated positions shall file statements of economic interests with the Department. Upon receipt of the statement of the Director, the Department shall make and retain a copy and forward the original to the Fair Political Practices Commission. Statements for all other designated positions will be retained by the Department, which shall make them available for public inspection and reproduction. (Government Code Section 81008.)
