Date: July 11, 2016
TO: Interested Parties
FROM: Emily Wang, Environmental Scientist

SUBJECT: Notice of Changes to Proposed Used Oil Regulations

On July 11, 2016 the California Department of Resources Recycling and Recovery (CalRecycle) will initiate a 15-day comment period for changes to the Proposed Used Oil Regulations. The 15-day written public comment period for this rulemaking ends at **5 pm** on July 26, 2016.

This 15-day comment period follows an initial public comment period which ran from March 25, 2016 to May 25, 2016. CalRecycle staff held a public hearing on the proposed regulation on May 25, 2016. After considering comments received during the initial comment period and comments made at the public hearing, CalRecycle staff revised the Proposed Used Oil Regulations. These revisions will add clarity to the existing language where needed.

A copy of the full text of the regulation as originally proposed with the newly proposed changes clearly indicated is available on the Used Oil rulemaking website at:

<http://www.calrecycle.ca.gov/Laws/Rulemaking/UsedOil/default.htm>. Text shown in double underline (addition) and ~~double-strikeout~~ (deletion) depict proposed changes made after the initial comment period. CalRecycle staff is only required to respond to comments related to the newly proposed changes to the regulation.

Please submit your written comments to:
