Subject: Outstanding Service as EAC Vice Chair

Dear Leonard:

Thank you for your excellent service and contributions as Vice Chair of the Enforcement Advisory Council (EAC) for these past two years.

There were many challenging statewide solid waste technical and policy issues that the EAC faced during your tenure. These included the review and approval of landfill gas monitoring plans; implementation of new legislation that established minor violations; the processing of 15 temporary permits; the development and implementation of long term landfill closure, post closure, and financial assurances rulemakings; and more. Your insights were greatly appreciated and improved the quality of decisions that were made.

Most of the task of taking EAC meeting minutes fell on your shoulders and you demonstrated an outstanding ability to understand and succinctly capture members' thoughts. Your accurate record of EAC discussions helped to make the EAC successful and greatly assisted CalRecycle's ability to respond effectively to the interests and recommendations of the EAC.

Leonard, you set the "bar" quite high for your successor. I am sure the next Vice Chair will do well since EAC has very talented and dedicated members like you who provide continuity and perspective. Again, please accept CalRecycle's sincere thanks for your service. I look forward to working with you again in the future.

Sincerely,
