

GAS DETECTION SYSTEM MANUFACTURERS

1. [Industrial Scientific Corporation](#)

designs, manufactures, and markets portable instruments and fixed **systems** for detecting, measuring, and monitoring a wide variety of gases, including toxic and **combustible** gases, as well as oxygen.

www.indsci.com/

2. [Scott/Bacharach Gas Detection Products](#)

manufacturer offering a line of fixed and portable toxic and **combustible gas detection** instruments.

www.scottinstruments.com/

3. [Neodym Systems Inc.](#)

Neodym designs, manufactures and offers: dual mode (fixed/portable) **gas** detectors with USB connectivity; AC/DC (home/mobile) **combustible** detectors; **gas** leak detector kits for hobbyists.

neodymsystems.com

4. [General Monitors](#)

manufacturer of **combustible** and toxic **gas** and flame **detection systems** for the industrial and municipal markets.

www.generalmonitors.com

5. [Sierra Monitor Corporation](#)

manufacturer and marketer of hazardous **gas** and flame **detection systems** for **combustible gas**, oxygen deficiency, and toxic gases.

www.sierramonitor.com/

6. [Mil-Ram Technology, Inc.](#)

offering sensors and controllers for monitoring and detecting toxic and **combustible** gases.

www.mil-ram.com/

7. [Delphian Corporation](#)

GAS DETECTION SYSTEM MANUFACTURERS

manufacturer of **gas** monitors, detectors, and instrumentation for toxic and **combustible** gases from plants, alternative fuel vehicles, refineries, garages, etc.

www.delphian.com

8. Theromo GasTech

manufactures, services, and markets personal portable instruments and fixed **system gas detection** instruments for monitoring toxic gases, **combustible** gases, and oxygen content.

www.thermogastech.com/

9. Sentech Korea

manufactures carbon monoxide and **combustible gas** detectors, alcohol breath analyzers, and other **gas** sensors.

www.sentechkorea.com/

10. Priority One

manufacturer of simple carbon monoxide and **combustible gas** monitoring equipment.
