

Petition Against XX Recycling

We the undersigned are residents of the Happy Lawn Development which is located across the street from XX Recycling. We wish to complain about XX Recycling. Something needs to be done. The place stinks, it is dusty and noisy and it creates flies. We've been trying to get the operator to fix things for over a year, but they won't listen to us. We cannot enjoy our backyards because of the smell and flies. Our property values have decreased. We ask the Helpful County Environmental Health Department to take steps to shut down XX Recycling, or at least make the operator run a business that does not create a nuisance to the neighborhood.
