Introductory Paragraph

Please be advised that the City of Any Town Solid Waste Local Enforcement Agency (LEA) received and approved a Report of Facility Information (RFI) amendment to the Solid Waste Facility Permit for the Mighty Fine Landfill. The LEA is certified by the California Integrated Waste Management Board to enforce state laws and regulations at solid waste sites within the City of Any Town, including all active and closed landfills.

Description of Project, EA's determination, date EA received and approved amendment

Description of Project and LEA's Determination

Mighty Fine Landfill is an approximately 450-acre existing landfill site located at 1234 Hollywood Boulevard in the East Community Plan area approximately one mile north of Highway 25 and approximately a mile west of the City of Revenue. On June 6, 2006, the LEA received from Mighty High Landfill, Inc. a Solid Waste Facility Permit (SWFP) application package to amend the RFI requesting a change in the pick up of recyclables at the site. The date for pick up of recyclables has been changed from Mondays to Tuesdays. The purpose of the change was requested by the recycling hauler. No other change to the SWFP is under consideration at this time.

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA approved the amendment on July 1, 2006.
