5. **Change of the facility name to “City of Pleasview Resource Recovery Facility”**
6. **Reduction of hours on a seasonal basis**
7. **Use of compost overs as ADC**
8. **Proposal to add food waste to existing composting in addition to existing green material composting**
9. **Relocation of compost curing area to a closed cell that had reached its maximum permitted elevation**
10. **Reference amended WDRs**
11. **Increase in tonnage by average of 100 tons/day**

# Module Overview:

## Five Year Permit Review

- ✓ Purpose and Authority
- ✓ Process and Roles
- ✓ Permit Changes and Amendments
- ✓ Activity: Which Process?

# Purpose and Authority

Document planned or actual changes in design and operation of facility

Required for:

- Full Permits
- Standardized Permits
- Registration Permits

Not Required: **Notification Tier (not a permit)**

# Process and Roles

- ➤ LEA notifies the operator of pending permit review **180 days** in advance
- Operator submits permit review application and other documents to LEA **150 days** before report due
- LEA reviews permit and documents
- LEA writes report
- LEA submits permit review report to operator and copies CalRecycle

# Minor Changes...

- Consistent with State Minimum Standards
- Consistent with RFI and permit terms/conditions

# RFI Amendment...

- For full permits only
- Operational and Design Changes
- No need to touch the permit

# Permit Modification

- To update permit so it reflects “reality”
- Language in permit needs to change
- No new conditions needed to “protect” public or environment

# Revised Permit

- LEA needs to add **Condition(s)** to “protect” public or environment
- Regulations state four changes

# ACTIVITY: Which Process?

Minor  
Change
