REF: DRAFT REPORT ON CONVERSION TECHNOLOGIES

Dear Members of the Board:

The City of Port Hueneme supports proven thermochemical and biochemical conversion technologies as alternatives to landfill provided these technologies are environmentally sound and fiscally responsible. Application of these technologies must meet all the requirements and safeguards of the California Environmental Quality Act (CEQA).

Diversion credit for successful application of thermochemical and biochemical technologies should be considered.

On behalf of the City Council,

A handwritten signature in black ink, appearing to read "Murray Rosenbluth", with a long horizontal flourish extending to the right.

**MURRAY ROSENBLUTH
MAYOR**
