

Compost in Context

California Integrated Waste Management Board
Local Assistance and Market Development Division

CIWMB Strategic Directives

- **Strategic Directive 6.1--Reduce the amount of organics in the waste stream by 50% by 2020**
 - **Compostable portion of organic materials constitutes approximately 30 percent of what is disposed.**
 - **Develop new facilities, increased development of product standards, increased procurement by private and public entities, and resolution of cross-agency regulatory issues.**

California Integrated Waste Management Board Organics Policy Roadmap

- Organics Summit & BioFuels Forum held in 2007
- Organics Roadmap Developed
 - 6 Key Area Issues:
 - Alternative Daily Cover Policy
 - Economic Incentives and Disincentives
 - Siting and Capacity Development
 - Regulatory and Permitting Constraints
 - Research, Product Standards & Technology Evaluation
 - Education and Procurement

Alternative Daily Cover Policy

- Alternative Daily Cover (ADC) at Landfills
- ADC Policy Working Group
- ADC Toolbox
 - Case Studies, Model Ordinances, Environmentally Preferable Purchases and Practices Policy, Compost Specifications, Marketing Plans, Compost Benefits, Education and Outreach, & Links.
- Legislation

Economic Incentives & Disincentives

- Need to coordinate with other agencies to create effective incentives and disincentives that address core issues identified by stakeholders.
- Will hold workshops in 2009 to collect additional stakeholder input and recommendations

Siting & Capacity Development

- On-line Survey & Interviews to Identify Siting Barriers & Solutions
- Siting Workshops April 2008
 - Coordination with Air & Water Regulatory Agencies
 - Web-based Info Clearinghouse
 - Legislation for Diversion Capacity
- Current & Needed Infrastructure Survey

Regulatory & Permitting Constraints

- Review of California Integrated Waste Management Board (CIWMB) Regulations Affecting Organics Management
 - Mammalian Tissue Composting
 - Food Waste Composting
 - Farms & Ranches
 - Land Application
 - Emerging Technologies
 - Green Material Contamination
- Coordination with Air and Water Regulatory Agencies

Research, Product Standards & Technology Evaluation

- BioEnergy & BioFuels Contract
- Compost BMPs & Benefits Contract
- Compost Emissions Report
- LifeCycle Assessment for Organics Materials Management
- Agricultural Specifications Contract
- Compost Cover Methane Reduction at Landfills Contract
- Landfill-Based Anaerobic Digestion

Education and Procurement

- Organics Web Enhancement
 - Organics Information Clearinghouse
- Organics Information Packets
 - Green Roads
 - Organics Marketing Kit
- K-12 Curriculum
- Workshops to Promote Compost Procurement

2006-2007 Compost Workshops

Interagency Agreement with University of California Riverside Extension

- California Department of Transportation (Caltrans) Compost-Based Specifications Developed in 2006
- Workshops Targeted at Caltrans' Contractors & Designers Held Around the State
- Developed Compost Use For Landscape & Environmental Enhancement Manual
- No Field-Based Component & Very Little Local Government Representation

2008-2009 Compost Workshops

Interagency Agreement with University of California Riverside Extension

- 10+ Workshops to Introduce the Caltrans Compost-Based Specifications to a Wider Audience Who May Adopt Specs
- 2 Field Demonstration Projects to Show Effectiveness of Compost Based Applications
 - Erosion Control on Fire-Damaged Lands

Acknowledgements

- Bill Baker, Project Manager, University of California (UC) Riverside Extension
- California Integrated Waste Management Board
- Caltrans, Jack Broadbent & Greg Balzer
- Dr. David Crohn, UC Riverside; Vic Claassen, UC Davis
- Dan Noble, Association of Compost Producers
- Janet Hartin, UC Cooperative Extension
- Julie Saare-Edmonds – Department of Water Resources
- Local Government Partners – Michele Young, San José; Erika Ellis, San Bernardino County; Ziad Mazboudi, San Juan Capistrano and Kreigh Hampel, Burbank.
