Building homes, building lives

From: [Redacted] Inc.
[Redacted] Valley Rd.
[Redacted] Ca. [Redacted]

To: California Integrated Waste Management Board
P.O. Box 4025
Sacramento, Ca., 95812-4025

Dear Grant Administrator,

On behalf of the Board of Directors governing the [Redacted] Affiliate of Habitat for Humanity, I would like to express our sincere appreciation in being considered for a Reuse Assistance Grant. The Board of Directors are unanimously in favor of expanding the current ReStore operation and agree to provide matching funds and assistance with volunteers and staffing needs as outlined in the grant proposal. As outlined in the proposal, this grant would provide the impetus to greatly expand our service much sooner than at our current pace. Award of this Grant would allow the ReStore to increase the capacity of space, resources and hours of operation, thus decreasing the amount of items taken to the landfill.

Sincerely,

[Handwritten signature]
[Redacted]
Executive Director

Ad Material: [REDACTED]

HOURS: The business office is open weekdays 8 a.m. to 5 p.m.
Distribution center hours are weekdays 8 a.m. to 4 p.m. for delivery of preprinted inserts and other bulk material.

PERSONNEL

[REDACTED] Publisher
[REDACTED], Display Advertising Director
[REDACTED] Landon Media Group; U.S. Suburban Press

GENERAL POLICY

RATES: Advertising rates may be revised by the Publisher upon 10 days written notice to the advertiser. All space reservations and/or agreements accepted are subject to this notice.

STANDARDS: The Publisher reserves the right to edit, reclassify or reject any copy, art or advertisement that does not conform to [REDACTED] Democrat standards of acceptance. Any display ad that resembles news text must appear in type fonts that differ from those used in [REDACTED] news stories. Ads of this nature will also be labeled *Advertisement* at the top in type no smaller than 8-point and will be surrounded by a border.

POSITION: Every effort will be made to accommodate advertiser's display ad position requests or desires, but under no circumstances is position absolutely guaranteed.

ERRORS: The [REDACTED] is not liable for any damages whatsoever resulting from omission of any portion of an insertion or omission of an entire publication of an ad.

The Publisher assumes no liability for any error which may appear in any advertisement. All proofs will be carefully read, but in the event of an inadvertent error or errors appearing in any advertisement, the Publisher will, upon request, provide to the advertiser a letter which corrects the erroneous information contained in the advertisement. Credit adjustments for errors are limited to the value of the space paid for by the advertiser. In the event of an error, a claim for any allowance must be made immediately. Credit will only be issued for the first day of an erroneous publication.

CREDIT: All advertising charges must be paid in advance unless credit has been approved by the [REDACTED]. Credit granted to the Advertiser may, at the option of the [REDACTED], be canceled at any time upon notice to the Advertiser.

PAYMENT TERMS: New balances are due and payable by the 15th of the following month. Finance charges of 1-1/2 percent per month (18 percent APR) will be applied to the new balance if unpaid within one month from the closing date of the statement. The minimum finance charge is \$1 per month on past due accounts.

SPACE AGREEMENTS: If an advertiser with a signed contract places more or less advertising space than contracted for, the rate will be decreased or increased accordingly and the Advertiser agrees to pay any increase or receive a credit toward advertising for any reduction due.

AD MATERIAL: All advertising material becomes the property of the [REDACTED]

SING TIMES & DEADLINES

To ensure publication, advertiser must meet the current deadline schedule. In the event of HOLIDAYS OR SPECIAL SECTIONS advance deadlines may be in effect. For FULL COLOR ads, DOUBLE PAGE SPREADS please add one full day to the deadline.

MONDAY Edition Noon, Thursday
WEDNESDAY Edition Noon, Monday
THURSDAY Edition Noon, Tuesday
THURSDAY AUTOMOTIVE Section 11 a.m., Tuesday
FRIDAY Edition Noon, Wednesday
REAL ESTATE SECTION Published Friday 5 p.m., Monday
WEEKEND SECTION Published Friday Noon, Tuesday
[REDACTED] published Wednesdays Noon, Friday

CANCELLATIONS on local display advertisements will be accepted until 1 p.m., two weekdays prior to publication, when the business office is open. Advertisements that have been typeset, then canceled after deadline, will be charged at 60% of the regular space fee.

SPECIAL DAYS / PAGES / FEATURES

SPORTS Monday
BEST FOOD DAY Wednesday
AUTOMOTIVE Thursday
SPECIAL FEATURES Thursday
RELIGION SECTION Friday
TV & CABLE LISTINGS, "WEEKEND" SECTION Friday
ENTERTAINMENT Friday
REAL ESTATE Friday

POLITICAL ADS: All advertisements of a political nature must be paid in advance. Contract rates are available. Special position charges are available to political advertisers. Political ads will be labeled "Paid Political Advertisement" in a publisher's space (not within the paid ad space). Because of the volume of typesetting and authentication required, multi-name text for endorsement ads must be submitted 4 weekdays prior to publication date.

Advertisers who run their Mt Demo + EXTRA ads in the El [Redacted] receive 50 percent off the rate for [Redacted]

SPECIAL CHARGES & RATES

A. PAID PLACEMENT..... 25 percent of total ad space price*
 *Although position cannot be guaranteed, the newspaper will make every reasonable effort to meet placement requests. When special position is ordered, and the requested space is available, a surcharge of 25 percent of the total gross advertising space rate will be assessed. In the event the advertising does not appear on the page requested, the 25 percent surcharge will not be assessed. The regular space charge will still apply.

B. REPEAT AD DISCOUNTS • local display advertising
 Repeat ad discounts are applicable as long as repeat ads run within a six-day period following original insertion, and original ad copy and/or sizes are not changed.

Contract advertisers: Full price for 1st insertion, 50 percent off original cost for 2nd, 3rd and 4th insertions.
Non-contract advertisers: Full price for 1st insertion, 25 percent off 2nd insertion, 50 percent off 3rd and 4th insertions.

For contract fulfillment purposes, discounted ad inches accrue according to billed amounts. E.g., an ad billed at 50 percent of original price will count as 50 percent of the inches toward contract.

C. NONPROFIT RATE*
 Nonprofit ad per inch \$10.15
 Repeat rate: 25% off original cost per inch \$7.60
 EXTRA combined with Mountain Democrat per inch \$7.61
 *Certificate of non-profit status must be provided

D. PRIVATE PARTY
 Birthday, Anniversary, Sympathy, Thank You, Greeting ads, per column inch \$10.15

E. WORSHIP DIRECTORY
 Friday..... per column inch \$9.00

F. FRONT PAGE ADS
 Wednesday \$88.00 ea.

OTHER CONTRACTS / SPECIAL RATES

- A. Business Focus**
 \$30.50 per ad/per week, includes one color, 12 week commitment
- B. Special page contract**
 [Redacted] per column inch \$12.05
 [Redacted] per column inch \$6.03
 Advertiser must run in 6 special page promotions within 12 months following initial contract date.

COLOR RATES

- A. Non-contract advertiser**
 Per color, per insertion \$110.00
 Color on repeat ads 20% discount \$88.00
- B. Contract advertiser**
 Per color, per insertion \$88.00
 Color on repeat ads \$70.00
 Share color per color, per insertion \$75.00

MECHANICAL REQUIREMENTS

NEWSPAPER DISPLAY AD SIZES

Newspaper printing is by offset process.
Halftones are printed at 85 line screened.

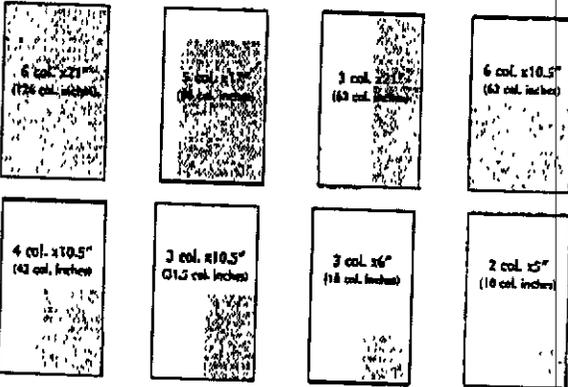

Display column widths measure as follows:

1 col.:	11 picas 3 points	-or-	1.9 inches
2 col.:	23 picas 4 points	-or-	3.9 inches
3 col.:	35 picas 5 points	-or-	5.9 inches
4 col.:	47 picas 6 points	-or-	7.9 inches
5 col.:	59 picas 7 points	-or-	9.9 inches
6 col.:	72 picas	-or-	12 inches

A full broadsheet page is six (6) columns wide and measures twelve (12") wide by twenty-one inches (21") deep.

The natural double page spread is twelve and one half columns (12 cols. + 2 picas) wide and measures twenty-four & 1/4 inches (24 1/4") wide by twenty-one inches (21") deep.

ADVERTISING SIZE EXAMPLES

SPECIAL SERVICES

Your newspaper representative is knowledgeable in marketing and advertising and is able to assist you in preparation of your advertising programs. Also available are the professional services of our copy and graphics department to assist you with advertising design, clip art services, etc. Special art, as well as marketing research information, is available to our advertising customers. A variety of specialized services are available.

PROOFS will be provided to advertisers requesting them on a minimum of 8-inch ads or larger. No guarantee that proofs will be shown on late ads.

- Freehand 7.0
- Adobe Photoshop 5.5
- Adobe Acrobat 4.0
- Timestyler 3.5

FILE FORMATS THAT ARE NOT ACCEPTABLE

We currently cannot accept the following file formats:

- Microsoft Publisher
- Pagemaker
- Adobe Photo Deluxe

WHEN BUILDING YOUR AD

- Keep all text and graphics boxes within the ad boundary whenever possible to prevent PostScript errors during processing.
- Delete all extraneous elements from the page pasteboard
- Delete all extra colors that are not being used.
- For images: Scan resolution of 300 dpi for line art and 180 dpi for halftones. Color images should be saved as CMYK and 240 dpi. Use only .eps and .tif image files in your ads. Keep file size as small as possible, no extra white space around the images.
- Naming files: Use no special characters and no spaces, only one period allowed
- Fonts: Macintosh fonts will be substituted for PC fonts when needed

SAVE ADS IN THIS FORMAT

PDF: Embed all fonts and set compression to normal, but turn off downsampling. For color, save as composite color, not separations.

FONTS: We can not accept new fonts on our system. We will do our best to match your selection to ours. We must have a paper proof of your ad to match.

SAVE PHOTOS & GRAPHICS: .TIF, .JPG & .EPS formats (convert text to paths.)

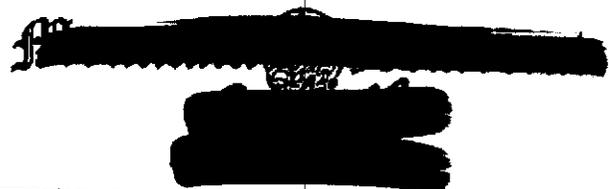

FILE COMPRESSION: Stuffit, or Zip all files in a folder

WHEN SENDING THE AD

When E-mailing ads and art, please include the sales representative's name and the date the ad runs if possible. Include your name (or the contact name), phone number and also fax or deliver a paper proof, in case we have production questions.

NOTE: Due to rapid changes in technology, our operating systems and software may vary from yours. We cannot guarantee that your disks and files will be completely compatible. In the event of a problem, we will do our very best to match your specifications.

WEBSITE ADVERTISING

BANNER ADS

FULL SIZE BANNER AD

Space is limited. Run time is for one month, no content changes. When banners sold exceed available space on page, three ads will be rotated in the same space. (Each time the page is opened, new ad will show.)

Space available at the top of the following pages:

- NEWS:** Home Page, Page One News, Feature Stories, Sports, Road Beat, Editorials, Columnists
- CLASSIFIED:** Index Page, Announcements, Employment, Financial, For Rent, For Sale, Land, Real Estate, Transportation, Services

SMALL AND MEDIUM BANNER ADS can be placed down the right side of all pages except home page. These can be 1 inch or 2 inches high and will be in a column alongside the news stories with first ad reserved receiving top placement, run for one month, no content changes.

CLASSIFIED ADS

CLASSIFIED LINE ADS

Classified line ads appear on the website at no additional charge. The website is updated by noon on the day of publication.

CLASSIFIED DISPLAY ADS

Must be an exact copy of a current ad running in the Mountain Democrat, except color can be added. Classified display ads will appear at the top of the appropriate classification. Up to 10 ads can appear in each classification. Display ads run for one week. Size should not be larger than 3 col. by 4".

GRAPHIC INFORMATION

SPACE FOR BANNER ADS is sold on a first-come basis, one month run, no changes.

BANNER ADS START

4-5 days from order date.

LINKS to an outside website

can be added for just \$10.

Full address is needed (<http://www.....>).

DESIGN MECHANICS:

- 72 dots per inch = 72 pixels
- .gif or .jpg format (no .tif or .eps). (.gif for flat color, .jpg for halftones)
- Type size: no smaller than 9 pt, no small italic type
- Always use full color (RGB, not CMYK)
- Camera-ready ads can be e-mailed to: design@mountain Democrat.net

AD PROOFS:

The web is a "fluid" medium. Sizes, colors, fonts & resolution vary depending on the computer used to view them. Because of resolution used for the web, ad proofs provided on paper may not be as crisp and clear as a regular print ad. Email proofs are available.

P. O. Box 4025
Sacramento, CA 95812-4025

**SUBJECT: LETTER OF SUPPORT
REUSE ASSISTANCE GRANT 3rd CYCLE**

Dear Grants Administrator:

The City of [redacted] supports [redacted] County's application for a Reuse Assistance Grant. The City recognizes a need to promote reuse in the community. The grant, if awarded, will benefit City and County residents and businesses by promoting a valuable community resource, the Habitat ReStore. ReStore accepts donations of used and surplus construction materials that are then sold to the community's contractors and homeowners. The City of [redacted] believes the program proposed for this Reuse Assistance Grant will result in increased diversion of construction and demolition materials from the waste stream.

Thank you for considering this grant application.

Respectfully,

[redacted signature]

Community Development Director

Building homes, building lives

From: [Redacted] Habitat for Humanity Inc.

57 [Redacted]

To: California Integrated Waste Management Board
P.O. Box 4025
Sacramento, Ca., 95812-4025

Dear Grant Administrator,

On behalf of the Board of Directors governing the [Redacted] Affiliate of Habitat for Humanity, I would like to express our sincere appreciation in being considered for a Reuse Assistance Grant. The Board of Directors are unanimously in favor of expanding the current ReStore operation and agree to provide matching funds and assistance with volunteers and staffing needs as outlined in the grant proposal. As outlined in the proposal, this grant would provide the impetus to greatly expand our service much sooner than at our current pace. Award of this Grant would allow the ReStore to increase the capacity of space, resources and hours of operation, thus decreasing the amount of items taken to the landfill.

Sincerely,

[Redacted Signature]

- Recreational Health Program Specialist.
- Regularly attending the Northern California Swimming Pool Information Sharing Committee.
- Inspecting over 50 swimming pools and spas on an annual basis.
- Responding to and abating citizen complaints regarding sewage disposal, solid waste, swimming pools, and food facilities.
- Reviewing construction plans for swimming pools and food facilities.
- Inspecting over 160 food facilities on a bi-annual basis.
- Conducting food borne illness investigations for district food facilities.
- Assisting with instruction of the Serv-Safe certification course.
- Conducting inspections of sewage disposal and water well seal construction.
- Assisting the public at the Department's front counter.
- Completing special projects such as the Department's Year 2000 Contingency Plan.

Radian International, [REDACTED], CA
Scientist

Field Duties and Responsibilities:

- Overseeing drilling subcontractors.
- Overseeing the construction of monitoring wells and collecting soil and groundwater samples.
- Characterizing soils and generating boring and well logs.
- Communicating with field team members, the field supervisor, and client representatives.
- Performing visual inspections of properties and conducting interviews for environmental baseline surveys.

Task Leader Duties and Responsibilities:

- Supervising up to 15 team members, including graphic artists, word processors, and report authors.
- Authoring and coordinating technical reports including site characterization summaries and sampling plans, historical reviews, field standard operating procedures, field work plans, and environmental baseline surveys.
- Developing schedules and communicating work progress to clients.
- Interpreting soil and groundwater analytical data and proposing sampling strategies for contaminated sites.
- Understanding environmental laws and regulations that govern remedial investigation processes and contamination remediation.

State of California Regional Water Quality Control Board,
[REDACTED], CA
Student Assistant

Duties and Responsibilities:

Conducted a groundwater nitrate-mapping project for the seven counties of the Central Coast Region. The most extensive project of its kind ever conducted at this office. The purpose of the project was to identify the extent of nitrate contamination in the Region's 53 groundwater basins. The project involved significant data collection and trend analysis, extensive use of USGS topographic maps, as well as computer database management and mapping. The project required contact with numerous environmental professionals from Federal, State, County, and City government offices and private agencies.

INDEPENDENT AUDITORS' REPORT

Board of Trustees

[redacted] Habitat for Humanity, Inc.

We have audited the accompanying statement of financial position of [redacted] Habitat for Humanity, Inc. (a non-profit organization) as of [redacted] and the related statements of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards followed in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of [redacted] County Habitat for Humanity, Inc. as of [redacted], the changes in its net assets and its cash flows for the year then ended, in conformity with generally accepted accounting principles used in the United States of America.

**[REDACTED] COUNTY
HABITAT FOR HUMANITY, INC.**

NOTES TO FINANCIAL STATEMENTS

Note 1 -- Organization and Nature of Activities

[REDACTED] County Habitat for Humanity, Inc. (Habitat) is a local affiliate of Habitat for Humanity International (HFHI). The organization is a non-profit Christian organization building affordable homes in partnership with low-income families to improve the quality of life and create a sense of community. Support comes primarily from individual donors' contributions.

The local affiliate was formed during 1996, constructed its first home during 1997, and transferred its second home to the recipient family during the previous fiscal year. The third home is currently under construction.

Note 2 -- Summary of Significant Accounting Policies

- a. Revenues and expenses are reported on the basis of the accrual method of accounting.
- b. Non-interest bearing mortgages are reported at discounted present values. Other assets are accounted for at acquisition cost or fair market value when donated to the organization.
- c. Unconditional promises to give are recognized as revenues when the promises are received. Unconditional promises to give due in the next year are reflected as current promises to give and are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reflected as long-term promises to give and are reported at the present value of their net realizable value, using discount rates applicable to the years in which the promises are received.

Grants and other contributions are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Contributions of non-cash assets are reported at their fair values in the period received.

- d. Transfers to homeowners are recorded at the gross mortgage amount plus down payment received. Non-interest mortgages have been discounted based upon prevailing market rates for low income housing at the inception of the mortgages. The discounts are recognized as interest income over the term of the mortgages.

- e. A substantial number of volunteers have made significant contributions of their time to Habitat's program and supporting activities. The value of this contributed time is not reflected in the financial statements since it is not susceptible to objective measurement or valuation.

Note 3 -- Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

Note 4 -- Property and Equipment -- Depreciation Policy

Furniture and equipment are being depreciated over their estimated useful lives using the straight-line method.

Note 5--Transactions with Habitat for Humanity International

Habitat annually remits a portion of its cash contributions to HFHI. These funds are used to construct homes in economically depressed areas around the world. During the current fiscal year, Habitat contributed [REDACTED] to HFHI. HFHI loaned Habitat [REDACTED] during the previous fiscal year. Habitat has now paid this loan down to [REDACTED].

Note 6--Interest Bearing Mortgage Receivable

In December, Habitat sold some donated land for [REDACTED], taking back a mortgage of \$ [REDACTED] payable at the rate of [REDACTED] 98 including interest at [REDACTED]. The balance at year end was \$ [REDACTED].

Note 7—Mortgage Payable

In November, Habitat purchased land in [REDACTED], paying a down payment of [REDACTED]. Monthly interest payments at [REDACTED] are payable until [REDACTED] at which time the principal of [REDACTED] will be due.

RESOLUTION NO. [redacted]
OF THE BOARD OF SUPERVISORS OF THE COUNTY OF [redacted]

**RESOLUTION AUTHORIZING
RE-REFINED OIL USE AND PURCHASING**

WHEREAS, the County of [redacted] is committed to making efficient use of natural resources by maximizing the use of re-refined oil in county fleet vehicles. Re-refined oil has all of the required properties of virgin-base oils while benefiting the environment by making the most of a non-renewable resource. Re-refined oil does not adversely affect the proper function, performance, or warranty of County fleet vehicles and equipment.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of [redacted], to the extent possible and practical, the County will establish the following re-refined oil use and purchasing provisions.

1. When purchasing lubricating oil, the County will endeavor to purchase re-refined oil whenever sufficient quantities are available.
2. Re-refined oil products purchased by the County must meet the same standards as virgin-based oil, as set by the American Petroleum Institute (API).
3. The County may purchase non-recycled oil if a sufficient supply of re-refined oil is not available or if a manufacturer of a particular piece of machinery specifically recommends that re-refined oil not be used.

PASSED AND ADOPTED by the Board of Supervisors of the County of [redacted] at a regular meeting of said Board, held on the 28th day of September, 19 99, by the following vote of said Board:

RESOLUTION NO. 232-99

OF THE BOARD OF SUPERVISORS OF THE COUNTY OF [REDACTED]

RESOLUTION AUTHORIZING GREEN PROCUREMENT

WHEREAS, the County of [REDACTED] is committed to making efficient use of natural resources by practicing waste reduction and recycled content product procurement in all aspects of its internal and external operations.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of [REDACTED], to the extent possible and practical, the County will establish the following green procurement provisions.

1. Print documents and communications double-sided.
2. Use electronic mail and voice mail.
3. Reuse envelopes.
4. Buy and use paper with at least 30 percent post-consumer recycling content.
5. Purchase a recycled product instead of a non-recycled product whenever possible and request products made with the highest percentage of post-consumer material available.
6. Purchase reused diskettes.

PASSED AND ADOPTED by the Board of Supervisors of the County of [REDACTED] at a regular meeting of said Board, held on the 28TH day of SEPTEMBER, 1999, by the following vote of said Board:

RE: Recycled Products

[redacted]

Attached for your reference are several pages from the Unified School District's Stockless Catalog. Purchasing does cooperative purchasing each year on several commodities that are in this catalog. The commodities that are recycled are mostly selected astrobright colored papers and janitorial paper goods. We reference our "internal" commodity number each time we order these products. You will see them hand written above each item.

If I can be of further assistance, do not hesitate to call.

Thank you.

COUNTY OF [REDACTED]
GENERAL SERVICES DEPARTMENT
INTERDEPARTMENT MEMORANDUM

TO: [REDACTED]
FROM: [REDACTED]
DATE: February 21, 2001
SUBJECT: Recycling

I hope this was what you were looking for. I'm sorry it took so long. We were entering all the time tracking data to give us a starting point to quantify this information.

622 acres of turf were mowed with a mulching mower

134 yards of grass clippings were added to the mulch pile

750 yards of leaves were added to the mulch pile

Let me know if you need anything else.

DEPARTMENT OF TRANSPORTATION
INTER-OFFICE COMMUNICATION

Date: April 6, 2001

To: [REDACTED] k

From: [REDACTED]

Subject: Recycled Asphalt Use

As part of the road maintenance program our crews re-use asphalt grindings for shoulder backing and dirt road maintenance. During the 2000 calendar year we estimate that approximately 1,500 tons of asphalt material was recycled for use in our road maintenance program.

If you have any questions concerning this topic please don't hesitate to call me at [REDACTED]

The Solid Waste & Recycling News & Marketplace of the West

Americans look to recycling as an easy way to give to deserving charities

WASHINGTON D.C. - If you are looking for a quick and easy way to give to a deserving charity—a way that requires no money and little effort—look no further. One way is as simple as popping the top on your favorite beverage, enjoying a cold drink, then taking the empty aluminum can to a recycling center in your community. The money can, in turn, go to benefit a charitable organization of your choosing.

One program, called Aluminum Cans Build Habitat for Humanity Homes (ACBHHH), is an example of a way to blend the act of volunteerism, charitable giving and environmental stewardship. The program consists of a recycling network of more than 400 Habitat for Humanity affiliates and 2,200 recycling centers across the U.S. Money earned from recycled aluminum cans goes to Habitat to help build more homes.

"A can that would normally be tossed in the trash can now make a

real difference here and in towns across the country," said Karen Palmer, Executive Director for Habitat for Humanity of Hopkins County in Madisonville, Kentucky.

Recycling can be a lucrative endeavor for a charitable organization.

"Last year for Make a Difference Day, we worked with our local Big Brothers/Big Sisters chapter and collected over 400,000 cans in one day. This year we are working with the Girl Scouts and hope to double that amount. It's refreshing to see a community turn out in full force and not only help save the environment, but help us earn more money to fund our activities."

"People are re-prioritizing their charitable giving. They are very focused on what is important to them, whether it is preserving the government, preserving our heritage, or

preserving our environment," said Joyce Brundage, Vice President of Public Interest Communications, a tele-fundraising firm headquartered in Falls Church, Va. "These issues are on the front burner."

"We have seen the interest in the aluminum recycling program spike in recent weeks," Brundage added. "More people are calling ACBHHH and want to get involved in a way that does not make such a dent in their pocket books, but helps the environment, and Habitat."

Recycling can be a lucrative endeavor for a charitable organization. For example, more than \$65 billion was paid out by the aluminum industry in recycling proceeds last year. If one percent of those cans is captured for habitat, 250 homes could be built each year.

"We have seen the aluminum recycling program grow in energy and effectiveness over the years," said

Bigger is not better for recycling

California's growth rate is outrunning its recycling rate, say waste experts

WHITTIER - On a clear day you can see Catalina Island and most of the Los Angeles basin from high atop the Puente Hills Landfill, where most of Los Angeles County's solid waste continues to go despite a 10-year effort to cut the amount of waste that is buried here in half.

And what's happening at Puente Hills is also occurring at other landfills as well: record amounts of society's castoffs are still being handled the old fashioned way by being entombed in the ground.

A 1989 law swiftly crafted by the California Legislature called AB 939 was designed to stem the flow of waste into the state's landfills and change the way California society viewed its

See 'GROWTH' on page 18.

Giving: Recycling is a great way to help charities

From page 1.

Millard Fuller, president and founder of Habitat for Humanity International. "Children all the way up to senior citizens are collecting and recycling cans on behalf of our affiliates. Some affiliates make thousands of dollars each year from the proceeds of recycling. Habitat encourages everyone to volunteer their time and their cans to help us fulfill our mission of building simple, decent housing with deserving families around the world."

ACBHHH is a partnership between The Aluminum Association and Habitat for Humanity International. The program reports that more than 500,000 pounds of cans have been recycled nationwide for Habitat.

Growth: California's population boom is cutting recycling tonnages

From page 1.

By and large, experts agree the legislation has been successful--so successful in fact that California's integrated waste management recycling law is still held up as a national model.

The law stipulated that all cities and counties in the state had to recycle 25 percent of their solid waste by 1995 and

50 percent of their residential and commercial waste by 2000 or face severe fines amounting to as much as \$25,000 per day.

Most communities worked valiantly to meet those deadlines, and many succeeded. But not all met the 25 percent and 50 percent deadlines on time. While some cities and counties were warned to become compliant with the law, none were fined, prompting what few critics of AB 939 existed to insist the law's punitive language represented little more than a paper tiger.

As 2001 dawned it became more apparent that several cities and counties would not make the 50 percent deadline. In 2000, the state officially diverted 42 percent of its waste, according to the federal Environmental Protection Agency--a good showing considering the national recycling rate stood at 33 percent.

The numbers, while encouraging to cities, counties, waste haulers and recyclers who have spent billions of dollars in the last decade to achieve the goal of recycling half of everything generated in the state, do not impress one California legislator, who says the 42 percent claim is largely bogus.

State Sen. Gloria Romero is one of the very few public officials on the state level who has dared question any facet of AB 939. To Romero, who chairs the Senate's Select Committee on Urban

Landfills, the numbers don't add up, and those that do include what she believes are some pretty dubious 'diversions.'

Sen. Romero is fond of pointing out that many cities and counties are counting the number of thrift stores in their communities and using that number to help establish a diversion percentage that they are required under the law to report to the California Integrated Waste Management Board. "I am certainly convinced that the number doesn't matter," Romero said in a recent AP story. "I can give you a handout that shows you any number you want or any number that makes the agency feel good."

While the methods of figuring diversion percentages can rightfully be described as being esoteric at best, questionable at worst in some reporting jurisdictions, the root cause in many communities for not meeting the recycling goals is not for lack of trying.

California's population growth, which slowed during the first years of AB 939 due to a lingering recession, has once again exploded in recent years. The state's population is forecast to reach 40 million by 2010, with 18.5 million people alone living in the five counties that make up the Los Angeles metropolitan area.

That's a lot of solid waste. It's also a lot of educating--about the merits of recycling and even how to recycle.

And that education has to be done in

languages that include standard English and Spanish, and a host of other languages ranging from Vietnamese to Farsi. Such public education is expensive, and ongoing.

Sen. Romero, whose Los Angeles district includes urban landfills, plans to introduce new legislation that will speed up recycling and provide the funds necessary to explore new ways of dealing with California's growing tonnage of solid waste.

Californians enjoy the convenience of a disposable society, says Romero. "There's the reality of death and taxes," she said in a recent interview, "and I would throw garbage in as well."

Compost: Organic recyclers target Dow

From page 10.

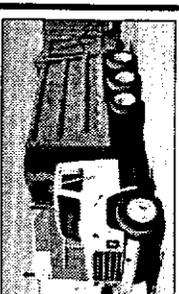

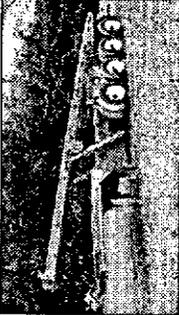

grass clippings and makes the compost. Moreover, clopyralid levels have been detected in compost products produced from such agricultural residuals as manures, straw and animal bedding.

Morse also noted that persistent herbicides threaten state and local government programs that promote both backyard and centralized composting as the best management method of dealing with yard trimmings, and operations in states that ban organics from landfills.

RESOLUTION NO. 297-2001

OF THE BOARD OF SUPERVISORS OF THE COUNTY OF 

WHEREAS, Public Resources Code *Section 42000* authorizes the California Integrated Waste Management Board to conduct market development activities to strengthen demand by manufacturers and end-use consumers for recyclable materials collected by municipalities, nonprofit organizations, and private entities; and

WHEREAS, the concept of reuse is an integrated approach which encompasses integrated waste management objectives such as building materials efficiency, construction and demolition waste reduction, and maximization of reused- and recycled-content building and landscaping materials; and

WHEREAS, on August 14-15, 2001, the California Integrated Waste Management Board approved the Evaluation Process, Scoring Criteria, and Preference Criteria for the Reuse Assistance Grants; and

WHEREAS, the California Integrated Waste Management Board will enter into an agreement with the Grantee for development of the project;

NOW, THEREFORE, BE IT RESOLVED that the  County Board of Supervisors, authorizes the submittal of an application to the Integrated Waste Management Board for a Reuse Assistance Grant. The Director of the Environmental Management Department or his/her designee, is hereby authorized and empowered to execute all necessary documents, including but not limited to, applications, agreements, amendments, and payment requests to secure grant funds and to implement and carry out the purposes specified in the grant.

PASSED AND ADOPTED by the Board of Supervisors of the County of  at a regular meeting of said Board, held on the 20TH day of NOVEMBER, 2001, by the following vote of said Board:
