DATE OF NOTICE: August 27, 2010 - Approval Date

**Solano County Department of Resource Management
Local Enforcement Agency (LEA)
675 Texas Street, Suite 5500, Fairfield, CA 94533**

Please be advised that the County of Solano has received and has approved an application to amend the Joint Technical Document (JTD) for Recology Hay Road Landfill. The Local Enforcement Agency (LEA) is certified by Cal Recycle to enforce state laws and regulations at solid waste facilities within the County of Solano.

Description of the Amendment:

The Recology Hay Road is a 320 acre existing landfill located at 6426 Hay Road, Vacaville, CA. The landfill is updating its current JTD to reflect existing conditions. These are improvements made to the facility since the solid waste facility permit was issued on June 23, 2008. The change is summarized as follows:

- **Corrections to reflect the name change from Norcal Waste Systems Hay Road Landfill to Recology Hay Road.**
- **Updated references to reflect the current Waste Discharge Requirements issued by the Central Valley Regional Water Quality Control Board on December 5, 2008.**
- **Updates to describe the recently installed landfill gas collection system, including the current number of new installed landfill gas perimeter probes and monitoring plan.**
- **Description of the previously approved demonstration project for Alternative Daily Cover for the use of San Francisco i-MRF Construction and Demolition Fines.**
- **Procedural updates to the Asbestos Containing Waste Handling Procedure to reflect current operating procedures.**

The LEA finds that proposed change is consistent with all applicable certified and/or adopted CEQA documents in that no subsequent review is warranted pursuant to Title 14 sections 15162 or 15263; is consistent with State Minimum Standards; and does not conflict with the current permit conditions; therefore, the change qualifies as an Amendment to JTD pursuant to Title 27 section 21665, 21666.

The LEA approved the Amendment to the JTD on August 27, 2010.

Appeals Process Information

For information on the appeals process (Public Resources Code § 44307) you may contact Ed Padilla at 707-784-6765.

The Amendment to JTD is available for review and additional information can be obtained at address below:
