- Expand the permitted facility boundary from 45.4 acres to 188 acres.
- Expand the disposal area from 38.44 acres to 76.4 acres.
- Increase site capacity from 2,700,000 cubic yards to 8,900,000 cubic yards.
- Change the landfill closure date from 2018 to 2042.

On May 31, 2007, the EA accepted the application to revise the SWFP submitted by the Chicago Grade Landfill. The EA's preliminary determination is that the SWFP be revised to incorporate the proposed changes. A copy of the application and supporting documentation are available for public review by appointment in the EA office located at 1001 I Street, Sacramento, CA 95812.
