---

As a property owner, tenant or person who has requested notice, please be advised that The Los Angeles County Department of Public Health, Solid Waste Management Program, acting as the Local Enforcement Agency (LEA) will be holding a Public Informational Meeting in compliance with Public Resources Code Section 44004 to consider the issuance of a new Full Solid Waste Facility Permit for the proposed facility of EDCO Recycling and Transfer Station. The LEA is certified by the Department of Resources Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste sites within the Los Angeles County.

Description of Project

The proposed facility would be constructed on a 3.75 acre site located at the northwest corner of California Avenue and Patterson Street in the City of Signal Hill, County of Los Angeles.

The approval to construct the proposed Recycling and Transfer Station and the issuance of a Solid Waste Facility Permit (SWFP) by the LEA would assist the City of Signal Hill and County of Los Angeles in maintaining adequate and cost-effective municipal solid waste disposal. It would also reduce the quantity of waste deposited into landfills through the recycling and diversion of materials from the waste stream.

The proposed new permit will allow for:

- Up to 1,500 tons per day (tpd) of municipal solid waste, commingled recycling and green waste.
- Receipt, transfer and process of materials up to: 24 hours / 7 days a week.
- Public Hours: 5:00 a.m until 10:00 pm 7 days a week.

Purpose of the Meeting

This Public Informational Meeting is for any interested parties to learn more about the proposed permit and to provide comments to the LEA regarding the proposed action. The meeting is strictly informational and **no official decision will be made at the meeting** regarding the formal determination on the solid waste facilities permit application.

Where to Get Additional Information

A copy of the proposed full SWFP is available for public review by appointment in the LEA office located at 5050 Commerce Drive, Baldwin Park, CA 91706
