The San Bernardino County Local Enforcement Agency (LEA) will be holding a public information meeting regarding the proposed SWFP revision for the Victor Valley Regional Composting Facility on Tuesday, March 26, 2013 at 5:30 pm. The LEA received the application for the SWFP revision on January 8, 2013 and accepted the application as complete and correct for filing on February 1, 2013.

The proposed changes to the operation include:

- Changing the operating hours to allow the site to be open to the public to accept waste on Saturdays from 7am to 3:30pm

The public information meeting is for interested parties to provide comments on the LEA's proposed action. The LEA's preliminary determination is that the SWFP be revised to incorporate the proposed changes. A copy of the application is available for review by contacting Mrs. Jane Troy at (800)442-2283 during regular business hours. If you would like to comment on the project you may do so at the meeting, or you may sent your written comments to the LEA contact listed above.

For information on the appeals process pursuant to Public Resources Code section 44307 to challenge the LEA's issuance or denial of the permit, you may contact Mrs. Jane Troy at (800)442-2283.
