Description of Project and LEA's Determination

The Sun Valley Paper Stock MRF and Transfer Station is an approximately 4.13-acre transfer station located at 8701 San Fernando Road in Sun Valley, California.

On March 29, 2013 the LEA received from Sun Valley Paper Stock an application for a RFI amendment to update the information in the document to reflect current conditions and provide more detailed site schematics.

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA approved the amendment on September 25, 2013.
