CalRecycle 774o (Rev.5/16)

Tire Incentive Program (TIP3) Certification

Grantee Name	
Grantee Number	

Instructions are located on the reverse side. This form is used in conjunction with your supporting documentation.

Incentive Category	TIP Product Description	Product Weight (pounds)	x	Incentive Rate (per pound)	=	Incentive Total (product weight x incentive rate)
General Cost			x	5 cents	=	\$
New or Existing TDP			x	10 cents	=	\$
Feedstock Conversion			x	30 cents	=	\$
Fine (<50) Mesh			x	40 cents	=	\$
Previously Awarded products at a 70 percent reimbursement						
Previously Awarded Existing TDP			x	7 cents	=	\$
Previously Awarded Feedstock Conversion			x	21 cents	=	\$
Previously Awarded Fine (<50) Mesh			x	28 cents	=	\$
TOTAL						\$

For Payment Request. Under the laws of California: I certify under penalty of perjury that I am legally authorized to contractually bind and make the following representations on behalf of the above-named grantee, and pursuant to that authorization I further certify under penalty of perjury: 1) that all information provided herein is true and correct; 2) that the tire material in the product(s) described above is from only California-generated waste tires with a certification for the California waste tire processor attesting to that fact; 3) that the waste tires were processed and manufactured into a final product in California; 4) that the above named grantee and CalRecycle can rely on this certification for purposes of identifying crumb rubber purchased and incentive payment amounts, respectively; 5) that the above-named grantee acknowledges that if the tire material in the product(s) cannot be verified to be from only California-generated waste tires and/or that the waste tires were not processed and manufactured into a final product in California, the manufacturer may be considered for placement on the CalRecycle Unreliable List (14 CRR § 17050 et seq.), in addition to any other action(s) CalRecycle may have against the grantee.

Audit/Records Access. The grantee agrees to be bound by the Audit/Records Access provision in the Terms and Conditions of the TIP. Please refer to your TIP grant file or contact CalRecycle for a copy of the Terms and Conditions.

INSTRUCTIONS

Grantee Name. Enter the legal name as it appears on the Grant Agreement Cover Sheet or Application in GMS.

Grant Number. Enter Grant number as shown on the Grant Agreement Cover Sheet.

Supporting Documentation. Check the box(es) if supporting documentation is uploaded to GMS.

Complete the Table. See the example below.

1. Choose the Incentive Category in the first column and enter the product description in the second column.
2. Enter the Product Weight in pounds in the third column.
3. Multiply the Product Weight and the Incentive Rate. Enter the Incentive Total in the seventh column.
4. Enter the sum of all entries in the seventh column in the "Total" box.

Incentive Categories Costs (crumb rubber usage)

1. **General Cost.** An incentive is based on the crumb rubber portion of all TIP-eligible TDPs sold and shipped during the grant term (regardless whether the products are included in a TIP award).
2. **New or Existing TDP.** The incremental increase in usage of crumb rubber (compared with the previous year's records, i.e. "baseline") for the production of an eligible product. TDPs with no previous sales have no baseline and will receive the incentive for the sale of an eligible product during the Grant Term.
3. **Feedstock Conversion.** The crumb rubber usage for products currently manufactured with virgin rubber, plastic or other material which will be substituted with a minimum of five percent crumb rubber and may be co-extruded, injected, calendered or otherwise combined.
4. **Fine (≤ 50) Mesh.** The crumb rubber usage for new or existing TDPs must be produced using fine (≤ 50) mesh provided by a California waste tire processor. Particle size and particle size distribution are determined in accordance with American Society for Testing and Materials (ASTM) D5644 and D5603.

Signature of Signature Authority. Must be signed by the person authorized in the Letter of Commitment.

Print Name, Title, and Date. Print the name of the signature authority, the title and date the form is signed.

Upload to GMS. Please reference the **Payment Request and Documentation** section of the **Procedures and Requirements** for instructions.

Example

Incentive Category	Product Description	Product Weight (pounds)	x	Incentive Rate (per pound)	=	Incentive Total (product weight x incentive rate)
1. General Cost	Ten TIP-eligible TDPs (see attached list)	80,000	x	5 cents	=	\$ 4,000
2. New or Existing TDP	Rubber Widget	20,000	x	10 cents	=	\$ 2,000
3. Feedstock Conversion	New Improved Rubber Widget	35,000	x	30 cents	=	\$ 10,500
4. Fine (<50) Mesh	New Rubber Widget with Fine Mesh	15,000	x	40 cents	=	\$ 6,000
TOTAL						\$ 22,500
